Electric Power Development based on the Three Laws

(1) Law on Tax for Promotion of Electric Power Development (Consumers) Tax rate Until Sep.2003 JPY 0.445/kWh **Electric Power Companies** from draft budget for fiscal 2015 Oct.2003 - Mar.2005 JPY 0.425/kWh (Tax for Promotion of Electric Power Development) Apr.2005 - Mar.2007 JPY 0.40/kWh Apr.2007 From JPY 0.375/kWh JPY 323 billion **General Account** 1,2 and 3 are called "Electric Power Development" based on the Three Laws". ②Law on Special Accounts JPY 304.2 billion JPY 27.1 **Budget by Ministries** Surplus from billion **Special Accounts for Energy Measures** Cabinet Office JPY 13.9 billion previous fiscal year, **Accounts for Promotion of Power Development** Ministry of Education, Culture, Sports, Science and Technology etc. JPY 349.5 billion JPY 109.9 billion Ministry of Economy, Trade and Industry JPY 178.9 billion Ministry of Environment JPY 46.6 billion JPY 17.3 billion **Measures for Electric Power Plant Location Accounts Electric Power Generation Diversification Accounts** Fund for developing **Nuclear Safety Regulation Measures** ODevelopment of power supply region Promotion of development of power generating facilities etc. surrounding areas Ensuring the safety of nuclear power facilities, etc. · Development of infrastructure Measures for smoother power supply ODisaster prevention measures around nuclear facilities · Industrial development ONuclear safety measures OHealth management for victims of nuclear accidents ©Emergency preparedness measures for power source region Promotion of research and development concerning the nuclear fuel cycle OPromotion of public understanding of long-life fixed generation facilities Promotion of advanced nuclear science and technology JPY 0.7 OEnhancement and strengthening of activities for harmonious coexistence OSecuring safety, and others billion in power supply regions Miscellaneous Enhancement and strengthening of measures for nuclear emergency income preparedness, environmental conservation and safety OMeasures for enhancement of public understanding of nuclear power generation (3) Law on the Development of Areas Adjacent Subsidy for supporting Financial support to smoothen Subsidy for to Power Generating Facilities Grants based on location industrial development construction and operation of development of power power generation facilities of electric power plants in power supply supply regions regions Grant to support power supply regions and others

^{* &}quot;Special Accounts for Promotion of Electric Power Development Acceleration Measures" and "Special Accounts for Petroleum and Sophisticated Structure of Energy Supply and Demand" were merged into "Special Accounts for Energy Measures" in FY2007. Among this, "Accounts for Promotion of Electric Power Development" took over operation of the "Special Account for Promotion of Electric Power Development Acceleration Measures".

^{**} Since FY2007, the revenue from "Promotion of Power-resources Development Tax" has transferred to the annual revenue of the general account. The necessary amount has been transferred from the general account to "Special Accounts for Energy Measures" each year.

^{*} In addition, approximately 8.8071 billion yen is set aside as a nuclear damages compensation support account.

 $[\]divideontimes$ Revenue of Power-Resources Development Tax is the estimated amount for the 2015 fiscal year.
